

# Writer and director, Michael Matteo Rossi, delivers another slick indie crime drama with his newest release, Shadows

LOS ANGELES, CA, USA, July 22, 2022

/EINPresswire.com/ -- If you're a fan of the indie film genre and you're looking for the next exciting and suspenseful drama to keep you on the edge of your seat, Michael Matteo Rossi has you covered with his movie, [Shadows](#).

Distributed by Midnight Releasing, this talented writer and director's newest film, *Shadows*, has picked up recent attention as a well-made and well-acted flick, even with its limited budget. Even without the ability to have numerous action scenes, the ones included shine brightly, really highlighting the talents of Rossi and his team of actors and crew.

The cast of *Shadows* is one full of experience, including Rahart Adams, Krista Allen, Vernon Wells, David Labrava and Eric Etebari, just to name a few.

The story of this movie is one of revenge, family loyalty and at the end of the day, forgiveness. Everything starts with Cody (Adams), who is a troubled kid that was raised in the foster system of Los Angeles. To survive, he has resorted to low-level crime and drug dealing, eventually getting in way over his young head.

“

I knew we had something special even during filming *Shadows* that this was going to be my best film”

*Michael Matteo Rossi*

From there, the story keeps you guessing what's coming next. Predictability was not something that Rossi wanted as he gave his team of talented actors the range to fully explore their characters, morphing the movie into the jarring and passionate film project that it turned out to be.
