XSeven strategizes its business on offering minimum services but with maximum perfection. The digital firm has

its complete concentration on providing solutions that are crucial for any business to grow on the internet and with the help of the internet. In other words, XSeven LLC provides the companies viable soil and environment to sprout on time and grow with full strength.

XSeven LLC has been serving business for more than eight years now. Over the years, it has undoubtedly obtained expertise in various aspects of digital marketing. However, the firm has glued to offering limited yet result generating services, which are:

– WordPress website development: It uses WordPress open source CMS to design mesmerizingly

beautiful business websites and sales funnels. XSeven LLC has a highly skilled team of developers who can customize your website using any theme or framework. They work closely with clients to understand their needs and deliver high-quality output.

– WordPress Website maintenance: With XSeven LLP's help with website maintenance, business owners can focus on what's more important to them while a team of dedicated professionals looks after their websites. The digital solutions firm takes a minimal fee—just \$69 per month—to keep client websites hackproof, healthy, and blazingly fast.

– Search Engine Optimization (SEO): The SEO experts at Xseven LLC keep up with the latest changes in search engine algorithms and use this knowledge to improve their clients' search engine presence. This includes managing and optimizing their online visibility on search engines such as Google and Bing.

"We build websites that convey the right message to your audience, as we know that every business is unique and has a different story. We do not just churn out websites; instead, we create tailored solutions for our clients. We offer a limited range of services, but those are effective and results-driven, making us unique in the industry." Says Akshay Joshi, the founder of XSeven LLC.

Akshay Joshi is a business growth consultant and, of course, the founder of XSeven LLC. He has over nine years of experience in brand building, business development, and digital marketing. Akshay believes that businesses are rapidly shifting online, and no local business should be left behind or unprivileged from the growth potential of the internet. As a business growth consultant, he has helped over 300 small to medium-sized businesses generate \$10 million in combined revenue.

Share this inspiring story with the local business owner you know and you might just help someone grow their business.
