United States Idiopathic Pulmonary Fibrosis Treatment Market 2022-2027

Note: We are regularly tracking the direct effect of COVID-19 on the market, along with the indirect influence of associated industries. These observations will be integrated into the report.

Idiopathic pulmonary fibrosis (IPF) refers to an interstitial lung disease that causes a buildup of scar tissues in the lungs. It is diagnosed via blood tests, chest imaging studies, lung biopsies, computer tomography (CT) scans, pulmonary function tests, antibody tests, etc. Idiopathic pulmonary fibrosis is treated by prescribing anti-fibrotic drugs containing nintedanib and pirfenidone salts which aid in minimizing the risk of acute respiratory deterioration. In line with this, several supportive treatment options, such as oxygen therapy, pulmonary rehabilitation, palliative care, etc., are also utilized to provide comfort and improve the recovery of patients.

United States Idiopathic Pulmonary Fibrosis Treatment Market Trends and Drivers:

The increasing prevalence of fibrotic diseases, particularly among the geriatric population, on account of the elevating levels of environmental pollutants, is primarily driving the United States idiopathic pulmonary fibrosis treatment market. Moreover, the widespread adoption of nicotine-based items, including cigarettes, is further catalyzing the market growth. Apart from this, the rising consumer awareness towards the availability of effective strategies for preventing and managing IPF is acting as another significant growth-inducing factor. Additionally, numerous technological advancements in diagnostic techniques and extensive improvements in existing healthcare systems are augmenting the market growth in this country. Besides this, the growing investments in R&D activities aimed at developing and commercializing novel drugs are anticipated to fuel the United States idiopathic pulmonary fibrosis treatment market over the forecasted period.

## United States Idiopathic Pulmonary Fibrosis Treatment Market 2022-2027 Competitive Analysis and Segmentation:

### Competitive Landscape:

- The competitive landscape of the industry has also been examined along with the profiles of the key players.
