Free to Attend Edge Computing Europe Expo Arrives at the RAI, Amsterdam

Edge Computing Expo is a series of free in-person and virtual events and conferences consisting of top-level content and thought leadership discussions

AMSTERDAM, NETHERLANDS, July 22, 2022 /EINPresswire.com/ -- Edge industry experts along with Edge enthusiasts will all be heading to RAI Amsterdam on the 21st of September 2022 to take part in one of the biggest events about [Edge Computing](). Networking, exchanging experiences and strategies, plus access to exciting sessions with industry leaders – all that and much more will be available to the visitors at this year's expo.

The expo offers the largest number of co-located events, allowing the visitors to explore a variety of fundamental technology solutions. Tickets will also allow access to the co-located conference tracks at AI & Big Data Expo, Blockchain Expo, IoT Expo and Digital Transformation Week!

Industry experts from Royal Schiphol Group, Spectro Cloud, SixSq, just to mention a few, will share their secrets about Edge Computing and its best use in their organisations. The newest application methods, insightful solutions, adoption trends and industry predictions – all that will be shared with the event visitors.

> We are expecting 5000 attendees, with over 150 speakers spread across 6 co-located events – for everyone involved in digital technologies - this expo is a must-attend."
>
> *Lia Richards, the Head of Conference at TechEx*

Lia Richards, the Head of Conference for the Edge Computing Expo world series says
