SILO TV LAUNCHES ON THE BIZTV NATIONAL BROADCAST PLATFORM

LOS ANGELES, CA, USA, July 25, 2022 /EINPresswire.com/ -- [Silo TV](#), America's streaming startup shopping network, has launched its weekly broadcast on BizTV. The flagship program features interviews that inspire, educate and entertain and includes featured equity crowd funded projects, initially provided by [America's Next Investment](#). "At its core, Silo TV is celebrating entrepreneurship and bringing light to the relatively new form of capital raising known as equity crowdfunding," says Andy Waldman, founder of Sway Media Networks, which produces the broadcast. Mr. Waldman goes on to say that "with the Jobs Act of 2012, non accredited investors have been given an opportunity to participate in startup investing and with the recent shifts in the economy, the process of equity crowdfunding continues to gain an increase in popularity." Along with the increase in popularity, equity crowdfunding has grown exponentially as well via the efforts of some of the premiere platforms, including StartEngine, Republic, WeFunder, and SeedInvest.
