

Himiway Announces The Launch Of Its Electric Bikes On Amazon

The Award-winning American electric bike producer is set to release a new set of bikes with amazing features.

ST. GEORGE, UTAH, UNITED STATES, July 25, 2022 /EINPresswire.com/ -- The long-range ebike expert, Himiway Bike will soon be available online at Amazon. Himiway Zebra and Himiway Cruiser would be available for sale within a limited period. All the amazing features each bike offers would be included to enable you to meet the bikes.

An announcement has been made on the launch of the Himiway Zebra and zebra step-thru, an updated version of the Himiway Cruiser. Equipped with a powerful 750W gear hub motor and an upgraded inner ring, this e-bike is designed for long-distance riding. With a built-in removable battery, the Samsung/LG high capacity battery with 960Wh provides a long range of 80 miles per charge with pedal assist and 60 miles range when using pure electric power.

Himiway Cruiser and [cruiser step-thru](#) are the most professional and cost-effective all-terrain fat tire [electric bikes](#) in America. Completely designed, developed, and produced by the

Himiway team, Himiway Cruiser combines unparalleled adaptability to complex cycling conditions with exceptional comfort. Their 26 inches fat tires provide tremendous grip and mechanical stability. Their manual pedal assist design provides easy usage and convenience. With 840Wh Samsung battery capacity and 750W motor power, long-range 60 miles per charge, and a single range can be guaranteed. They can be used as commuting bikes or leisure rides.
