EIN PRESSWIRE

Free to Attend AI & Big Data Expo Europe Returns to RAI, Amsterdam

AMSTERDAM, NETHERLANDS, July 25, 2022 /EINPresswire.com/ -- AI & Big Data industry experts and enthusiasts will all be heading to RAI Amsterdam on the 20-21 September 2022 to take part in one of the biggest events exploring Artificial Intelligence. Networking, exchanging experiences and strategies, plus access to exciting sessions with industry leaders – all that and much more will be available to the visitors at this year's AI & Big Data Expo.

AI Expo 2022 speakers include Nestlé, Formula E, Uber, and many more...

The expo offers the largest number of co-located events, allowing the visitors to explore a variety of fundamental technology solutions. Free tickets will also allow access to additional conference tracks taking place on the day, including Blockchain Expo, IoT Tech Expo, Edge Computing Expo and Digital Transformation Week.

> **"**
>
> We are expecting 5000 attendees, with over 150 speakers spread across 6 co-located events – for everyone involved in digital technologies - this expo is a must-attend"
>
> *Lia Richards, the Head of Conference at TechEx*

Uber, Levi Strauss & Co. and many more exciting speakers!

Industry experts from Levi Strauss & Co., Uber, Nestle, just to mention a few, will share their secrets about AI & Big Data and its best use in their organisations. The newest application methods, insightful solutions, adoption trends and industry predictions – all that will be shared with AI & Big Data Tech Expo visitors.

Lia Richards, the Head of Conference at TechEx says:

"We're excited to return to Amsterdam with an exciting line-up of speakers and industry specialists. We are expecting 5000 attendees, with over 150 speakers spread across 6 co-located

events – for everyone involved in digital technologies - this expo is a must-attend."

<u>Speakers include:</u>

• Eduard Ribas - AI Tech Lead - Nestlé
• Matt Roberts - Research & Insight Director - Formula E
• Claire Hempel - Tech Data Science Manager - Uber
• Tomas Navarro - Future Projects Engineer - European Space Agency
• Peleja Filipa - Lead Data Scientist - Levi Strauss and Co

And much more!

This year's conference agenda consists of two days covering enterprise applications of AI & Big Data. Some of the subjects will include:

• Enabling AI in Industry, Consumer Products and Healthcare
• Keeping it Ethical in AI
• Enterprise Energy Management for Manufacturing
• Learning like Humans through Reinforcement Learning
• AI Leading the Digital Banking Revolution
• Digitalising Agriculture
