Blockchain Expo Europe Returns to RAI, Amsterdam

This year's Blockchain Expo Europe returns as a free to attend event, giving guests full access to conference tracks, sessions, and virtual content at no cost.

AMSTERDAM, NETHERLANDS, July 25, 2022 /EINPresswire.com/ -- Join European blockchain professionals at the RAI Amsterdam on the 20th-21st of September 2022 at one of the most significant events exploring topics across the blockchain world. Witness talks, fireside chats and panels from the most forward thinking experts within the blockchain ecosystem alongside the space to network with senior professionals, all within the two day Blockchain Expo.

The expo offers the largest number of co-located events, allowing the visitors to explore a variety of fundamental technology solutions. Tickets will also allow access to additional conference tracks taking place on the day, including IoT Tech Expo, AI & Big Data Expo, Edge Computing Expo and Digital Transformation Week!

The Blockchain Expo programme is embroidered with a rich tapestry of industry leading speakers and topics from the likes of Mastercard, Vodafone, Unicef, De Nederlandsche Bank, United Nations CE/FACT and many more covering prevailing subjects within the blockchain sphere. Topics to look forward to include the metaverse, decentralised social media, NFTs, blockchain for supply management and security in blockchain, just to name a few.

Lia Richards, the Head of Conference at TechEx says:

"We're excited to return to Amsterdam with an exciting line-up of speakers and industry specialists. We are expecting 5000 attendees, with over 150 speakers spread across 6 co-located events – for everyone involved in digital technologies - this expo is a must-attend".
