

# Cool Out Delta 8 Infused Sparkling Seltzer Available Online and Locally

*Beverage Industry Veterans and Creators of St. John Brewers Launch D8 Seltzer*

MIAMI, FL, USA, July 27, 2022 /EINPresswire.com/ -- Delta-8 infused beverages are debuting across the country as D8, a cannabinoid that exists naturally in hemp, increases in popularity. Long time beverage industry professionals are staying ahead of this trend with [Cool Out Delta 8 infused sparkling seltzer](#).

From the founders of St. John Brewers, Chirag Vyas and Kevin Chipman introduce Kind Grade, LLC and Cool Out Delta 8 infused sparkling seltzer. The brand is available online at [DrinkCoolOut.com](#) and is expanding distribution in states where D8 is sold. D8 is currently available where adult-use cannabis has yet to legalize, such as Florida, Texas, and Georgia.

Sales of CBD drinks (federally legal as CBD is derived from hemp just as D8 is) are expected to hit \$2.5 billion by 2025. THC-infused beverages will account for \$1 billion even with hugely restrictive markets in U.S. by 2025, according to [Brightfield Group](#).

Designed to be enjoyed socially or solo, Cool Out eases the mind and body while keeping the head clear tomorrow. An alcohol-free beverage alternative, Cool Out contains zero sugar, zero carbs, zero calories, is gluten free, and sourced from Non-GMO organic hemp.

"We want to bring hemp-based drinks more into the American beverage culture with an approachable, quality seltzer for regular cannabis users as well as for novices looking to try and enjoy," explained Vyas.

Each 12 ounce can of the initial release of Cool Out contains 10 mg of Delta 8 in one of three

The founders of St. John Brewers introduce Kind Grade, LLC and Cool Out Delta 8 infused sparkling seltzer.

flavors: Citrus, Tropical or Berry.

Crafted from the highest-quality ingredients consumers expect from Vyas and Chipman, Cool Out D8 seltzer is derived from non-GMO hemp grown on certified organic farms in the US. The bioavailability of Cool Out's water-soluble nanotechnology allows the D8 to absorb quickly into the body providing a faster onset and state of relaxation than consuming other edible cannabinoid products.

"We took our time to create a product that provides an amazing customer experience and taste profiles that delight the senses, high product consistency, and deep dedication to consumer safety. We are really excited to be providing the Cool Out line to the Delta 8 marketplace," said Chipman.

### Frequently Asked Questions

What is Delta 8?

Delta 8 is one of over 100 cannabinoids that exists naturally in hemp.

Is Delta 8 Marijuana?

No, D8 it is derived from the hemp plant, which is a variety of cannabis that contains less than 0.3% THC. By federal definition, hemp is an agricultural product, and is legal under the 2018 Farm Bill.

How will Delta 8 make me feel?

People say they experience a relaxed body sensation with a feel-good euphoric high that is milder than when consuming THC from marijuana.
