"My name is Tracey Chaykin, and I'm an award-winning self-taught Colored

Pencil artist from Napa, California. Born and raised in the boroughs of New York City, I've always desired to be creative, even from an early age, with Nature as my inspiration. Therefore, every Nature-themed artwork focuses on Hyper-Realism to preserve the subject with creative license and imagination for the supporting backgrounds.

“

The goal with every nature-themed piece of artwork is to provoke an emotion in hopes of inspiring small changes towards protecting our environment's future for all living on this planet!"

Tracey Chaykin

Every new piece of art is an opportunity to challenge myself to invent new ways to work with Colored pencils as a medium. Some days it's just a colored pencil; other times, it's a combination of mediums. Once I choose the subject, I study it and consider how to represent it best using colored pencils. And try to experiment if adding other mediums such as Gouache, Acrylic Pouring, Metal Leaf, or even Palette Knife painting further help the subject matter come alive.

The goal with every new piece of artwork is to provoke an emotion in hopes of inspiring small changes towards protecting our environment's future for all living on this Planet!"

Tracey Chaykin was also featured in the Amazon Best-Seller book, ATIM's Top 60 Masters, published by ArtTour International Magazine. This book features all artists awarded the 2022 ATIM's Top 60 Masters Awards
