## Why The Corporate Freedom Pass?

When the online courses, packages, and Diplomas became over 250, Sofema understood that they had the resource and opportunity to provide their clients with training support that will help build competence within the workplace across many different business areas.

The challenge is to do so within an acceptable budget and this is where the CFP excels. By employing maximum economies of scale Sofema is able to bring the cost down to an absolute minimum without compromising quality, in fact, if managed well the cost can come down below 5 Euro / Training Day.

Next Steps:

Please email [team@sassofia.com](mailto:team@sassofia.com) to request enrollment instructions.
