

Confirmed OTAR Part 145 & Part 39 Combined Training is coming to Sofia in August 2022

SAS is delighted to share about the upcoming confirmed OTAR Part 145 & Part 39 Combined Training that is coming on 22-25 August in Sofia, Bulgaria

SOFIA, BULGARIA, July 27, 2022
/EINPresswire.com/ -- Sofema Aviation Services (SAS) is delighted to share about the upcoming OTAR Part 145 & Part 39 Combined Training in Sofia, Bulgaria:

[Overseas Territory Aviation Regulations \(OTAR\) Part 145 & Part 39 Combined](#) Training – 4 Days

Dates: 22-25 August 2022

Venue: SAS Training Academy – Sofia, Bulgaria

Price: 1205 EUR

Early Bird discount is available before 15 August 2022 - [See details](#)

Multiple discount opportunities + an option for enrolment in FOC Relevant Foundation online course are available

Training details:

This course aims to provide the delegates with an awareness of the structure, composition, and impact of the OTAR regulatory obligations. They will understand the environment driving the Part 145 and CAMO process & will gain detailed knowledge of the key components of OTAR 145 MOE. The participants will also understand the OTAR 145 Quality and Safety System & will be able to use the regulation to support full compliance within an Aircraft Maintenance Organization (AMO) and Continuing Airworthiness Management Organisation (CAMO). The course will provide them with knowledge regarding the environment driving the maintenance management process and the key components of OTAR 39 Maintenance Control Manual.

22 - 25 August 2022

The content of days 3 and 4 is available [here](#)

Instructor Details

The course will be delivered by the SAS CEO Steve Bentley. He has over 40 years of experience in commercial aviation, including more than 12 years in the airworthiness department of Virgin Atlantic – a major UK international airline. Steve has in-depth knowledge of the EASA regulatory structure. He is also a competent trainer with a huge portfolio of subjects including both aviation operations and maintenance disciplines. The instructor is a trained ISO 9000 lead auditor, as well as IOSA trained. With decades of practical experience, Steve has the ability to support the development of working solutions to many organisational challenges which are faced within the operational and maintenance environment.

What do People Say about Sofema Aviation Services Training?

"Everything was in appropriate timing and in a good climate."

"Maximum points for the instructor's effort and explanation."

"The instructor provided enough room for all the questions to be asked"

"A lot of additional information to make things clearer was provided."

Only 4 seats are remaining for this training session! For more details and registration, email team@sassofia.com
