matching its rhythm to your safe breath.
And when we release our big, warm hug,
my love remains, steady and snug.

It's time to start our independent days.

Exploration, interest, joy, and wonder illuminate truths to study and ponder. Capture, create, and mold your mind; engage the world and humankind.

Missing family when you're at school, work, or can be tough—but at the same time, these separate activities give children the opportunity to grow. This sweet, heartfelt

book reassures children that their parents' and guardians' love remains constant even while they
