

APMEA Frozen Bakery Products Market Anticipated to Expand at a CAGR of 5.6% during the Forecast Period 2026

The APMEA Frozen Bakery Products Market size was valued at \$7,537.1 million in 2018 & is expected to grow at a CAGR of 5.6% to reach \$11,560.9 million in 2026.

PORTLAND, OREGON, UNITED STATES, July 28, 2022 /EINPresswire.com/ -- The bread segment was the highest contributor, with \$2,499.0 million in 2018, and is estimated to reach \$3,531.6 million by 2026, at a CAGR of 4.5% during the forecast period.

The [APMEA frozen bakery products market](#) is expected to garner notable growth in the forecast period. This can be attributed to growing adoption of frozen food all around the globe. Moreover, changes in the consumption patterns of people in the APMEA region especially the emerging regions such as China, Indonesia, and India, drives the APMEA frozen bakery products market growth. However, negative consumer perception due to the lack of awareness about frozen products act as the major restraint for the market. On the contrary, rise in the disposable income in the APMEA region, rise in the number of fast food restaurants and innovations in the product offerings is expected to pave the way for growth for the APMEA market in the coming years.
