pump system."

Dexter is a small town in Penobscot County, Maine. It was incorporated in 1816 just before Maine became the 23rd U.S. state in 1820. Dexter is loved for its friendly local community, historic sites, and picturesque valley location. This charming rural town is situated in a beautiful area surrounded by rolling hills, lush valleys, and idyllic lakes. Homeowners and business owners in Dexter, Maine face freezing winter temperatures, so high-quality HVAC systems are essential for a comfortable and great quality

of life.

D&J Mechanical, LLC is owned and operated by Dan Hartford, a respected Maine local with over a decade of HVAC experience. Along with domestic heating and cooling, he has worked on a number of commercial and industrial facilities. Dan has vast experience with heat pump installation, with his technical skills and inspection insights only matched by his friendly and reliable customer service.

D&J Mechanical, LLC has expertise with a variety of HVAC services and specializes in heat pump installations including [Mitsubishi mini-split systems](#). In addition to installation services, the company provides heat pump repairs and maintenance services. As the company expands into Dexter, Maine and surrounding areas, the company looks forward to serving the local community with properly installed heat pumps and reliable heating and cooling solutions.
