The threat intelligence market consists of sales of threat intelligence solutions by entities (organizations, sole traders, and partnerships) that refer to software solutions an organization utilizes to understand the threats that have, will, or are presently targeting an organization. This information validated inputs are utilized to prepare, eliminate, and identify cyber threats looking to take advantage over valuable resources.

Global Threat Intelligence Market Trends
Technological advancement is one of the key threat intelligence market trends gaining popularity. According to the threat intelligence industry analysis, technical advancement and new tools being developed in threat intelligence help give information that goes beyond an attacker's resources and helps prevent cybersecurity attacks as well as be future-proof. For instance, in 2021, EclecticIQ, a leading global threat intelligence, hunting, and response technology supplier, launched the EclecticIQ Platform, which places "Intelligence at the coreTM" of cyber defense. The EclecticIQ Platform delivers detection and response (EDR), curated intelligence feeds, threat hunting, and collaboration capabilities, which is built on the company's comprehensive threat intelligence solution.

[Global Threat Intelligence Market Segments](#)
The global threat intelligence market is segmented:

By Solution: Threat Intelligence Platforms, Risk and Compliance Management, Security Information and Event Management (SIEM), Security and Vulnerability Management (SVM), Identity and Access Management (IAM), User and Entity Behavior Analytics, Incident Forensics

By Deployment: On-Premise, Cloud

By Organization Size: Small and Medium-Sized Enterprises, Large Enterprises

By Vertical: Healthcare, Transportation, IT and Telecom, Manufacturing, Banking, Financial Services, and Insurance, Energy and Utilities, Government and Defense, Retail, Education

By Geography: The global threat intelligence market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa. Among these regions, North America accounts for the largest share.
