

# HRdownloads Ranked Among the 2022 List of Best Workplaces™ in Professional Services!

*Canadian HR technology leader, HRdownloads, has been named on the 2022 list of Best Workplaces™ for Professional Services.*

LONDON, ONTARIO, CANADA, July 28, 2022 /EINPresswire.com/ -- Canadian HR technology leader, HRdownloads, has been named on the 2022 list of Best Workplaces™ for Professional Services. HRdownloads received this honour after a thorough and independent analysis conducted by Great Place to Work®.

The list is based on direct feedback from employees of the hundreds of organizations that were surveyed by Great Place to Work®. To be eligible for this list, organizations must be Great Place to Work–Certified™ in the past year and work primarily in the Professional Services Industry. The Best list was based on the overall Trust Index score from employee responses.

“At HRdownloads, we are so proud of our teams and the services that they provide to our clients each and every day! When we read countless client surveys that thank our staff for being the absolute best, we couldn’t agree more. To show our appreciation, we constantly scrutinize the programs, activities, and supports we offer to ensure that each team member can love what they do,” says Sharon Bunce, Chief of Staff. “We are proud to receive this recognition, as well as being Great Place to Work–Certified and recognized as one of the Best Workplaces for Hybrid Work, Best Workplaces for Giving Back, and Best Workplaces for Today’s Youth! We are hiring, and if anyone is looking for a place to call home and build their career in a fun and supportive environment, I encourage them to visit our careers page.”

In addition to perks like 10 paid wellness days a year, paid sick time, fully paid company closure between Christmas and New Year’s, GoodLife memberships, volunteer and charitable activities through the HRdonates initiative, weekly all-company pre-shifts, and more, HRdownloads offers a “work where you are most productive” policy that lets employees choose between fully remote,

hybrid, or onsite. Says Bunce, "Quite simply, we would not have a company without our HRd family. Ensuring that we build a foundation of respect, value, and belonging enables everyone to feel supported to be their best at work and at home."
