

4th Annual MarketsandMarkets Next-Gen Bioprocessing Conference - Boston, USA

PUNE, MH, INDIA, August 1, 2022

[/EINPresswire.com/](https://www.einpresswire.com/) -- The [4th ANNUAL MARKETSandMARKETS NEXT-GEN BIOPROCESSING CONFERENCE](#)

scheduled for the 20th-21st October 2022 in BOSTON, USA will home in on discussions, case studies & in-depth presentations on critical industry topics

such as 'Cell Culture & Bioproduction', Downstream Processing & Continuous Biomanufacturing & 'Cell And Gene Therapy Analytics & Manufacturing'

The technological revolution post the turn of the 21st century has transformed the capabilities of modern medicine & in the process opened pathways for the bioprocessing industry to tackle major challenges such as the extended time period between drug discovery & widescale manufacturing and provided a possibility to reduce the huge costs associated throughout the process.

The pandemic accelerated a number clinical & diagnostic processes which would otherwise have taken years longer & key learnings were discovered during this time. The 2-day conference will aim to explore solutions to current & anticipated challenges & discuss innovations leading the charge as the future beckons. With key decision makers encompassing CEOs, CSOs, Head Investigators & Leading On-Field Researchers in attendance, the event provides an unparalleled opportunity for cross-discipline networking across various vital domains of the bioprocessing industry.

A SNIPPET OF THE TOPICS BEING DISCUSSED AT THE CONFERENCE

- Cell culture through dimensional processes.
- Centiviral bioprocessing.
- Automation of cellular therapies.
- AAV vector production.
- Process development and monitoring of cell-gene therapies.
- CMC considerations for NK cells.
- Supply chain and regulatory issues withing the bioprocessing ecosystem.

QUICK GLIMPSE OF OUR EXPERT SPEAKER PANEL
