After delivering his stellar debut album in March of 2021, Vaclav has continued to explore the healing powers of music, creating moving indie releases that speak straight to the heart and soul of every listener.

Now, Dava is ready to unveil the latest release in his journey, with 'Be Still' set to be released on Friday, the 12th of August 2022, [and can be pre-saved now on Spotify](#).

Inspired by his own spiritual journey, the music of Dava explore topics such as spirituality, sustainability, and nature, creating a holistic sound that echoes with healing tones. Named for the Hindu word for medicine, Dava's music is all recorded using A- 432 Hz tuning, a frequency known to promote healing, reduce anxiety, and increase mental clarity.

In true form, 'Be Still' was written and recorded with the intention of providing a healthy effect to the listener, delivering a moving, acoustic sound that grows and transforms with ease. An effortless and wonderfully textured piece, the single builds from solitary, atmospheric tones and the open sounds of nature, building a gentle foundation that is both seamless and melodic. From there, Vaclav builds a brilliant acoustic melody, mixing soft guitar chords with serene vocals to create a truly calming and expressive piece.
