

# Glass Bonra Releases Boot Hook for Secret Storage in Tesla Model 3

*The aluminium hook attaches to a secret, redundant screw in the boot of Tesla Model 3 vehicles.*

GLOUCESTERSHIRE, UNITED KINGDOM, July 29, 2022

/EINPresswire.com/ -- [Glass Bonra](#), a Tesla accessory designer and manufacturer based in the UK, is pleased to announce the launch of its innovative [Aluminium Tesla Model 3 Boot Hook](#).

Developed as a solution to secure delicate packages, the Aluminium Tesla Model 3 Boot Hook is used in conjunction with a secret, redundant screw that is present in the boot of each of these makes of cars. Made of premium aluminium, the hook offers a superior option to boot storage compared to cheap, 3D printed and plastic products currently on the market. The hook is so well-made, in fact, that it can hold over 50kg and even withstand heat of over 500°C.

“Most Tesla Model 3 owners aren’t aware of the fact that there is a hidden boot screw designed for storage,” says co-founder of the company, Peter Glass. “To help owners take advantage of this secret screw, we proud to release the strongest and most heat resistant Tesla Model accessory on the market – a product that not only looks stylish, but it’s also practical and will last the lifetime of your Tesla.”

The Aluminium Tesla Model 3 Boot Hook boasts a number of useful features for consumers, including:

- Bully machined, anodized aluminium hook
- Heatproof up to 500°C
- Load capacity exceeds 50kg
- Made for Tesla owners, by Tesla owners
- British designed and made
- Holds shopping bags, including takeaways
- Stronger than other hooks, such as 3D printed hooks
- Easy and quick to install - under 1 minute

- Suited for all Tesla Model 3's
- Free UK delivery on all orders
- And more

To purchase the Glass Bonra Tesla Model 3 boot hook, please visit <https://www.glassbonra.com/> or the company's [Amazon listing](#) (UK consumers).

#### About Glass Bonra

Glass Bonra was co-founded by Peter Glass, Head of Marketing and Sales, as a solution for securing packages in the boot of a Tesla. With a focus on high efficiency and high effectiveness, Glass Bonra's mission is to always design and build the highest quality products for a global market.
