

GRADUATION DAY HAPPY FACES ALL AROUND UV GULLAS COLLEGE OF MEDICINE

UV Gullas College Of Medicine students Celebrated their Graduation Day in Style

CHENNAI, TAMIL NADU, INDIA, August 1, 2022 /EINPresswire.com/ -- It appeared as though UV Gullas College of Medicine in the Philippines had a wonderful event akin to New Year's or Christmas Eve.

In order to find out what was really going on in the SEA SIDE MALL in Cebu City, we had to go in ourselves. As it turned out, the final year students were celebrating their graduation after successfully finishing their MD (MBBS) Course after a long struggle and Online, Offline lessons.

The students this year are particularly noteworthy since they underwent a roller coaster of a journey to finish this course, advance thus far, and turn the impossible into reality.

“

We never Expected in our dreams that this would happen amidst the Covid-19 as the Previous batches did not have the Moment to Celebrate. Thanks to VISAYAS EDUCATION & University Management Team.”

Dr. Abishek Vasanth Philip

UV Gullas College Of Medicine Graduating Doctors with Directors of Visayas Education

Even though students have graduated from UV Gullas College of Medicine through Visayas Education for the past six to seven years, they did not have the same exposure and enjoyment because they missed their offline classes and switched to online learning instead, felt ill, learned what quarantine and isolation meant, and received assistance in treating patients due to the patient overflow.

However, as you can see, all of their pain and suffering has now inspired them to value their doctoral degrees, embark on careers in medicine, and advance and help others.

In order to show respect, each nation's national song was performed for the pupils from India, Australia, Ghana, the

United States, Italy, and Germany. There were smiling, energetic faces around. The Future Frontliners are prepared to march into Reality.

They were delighted to get their certificates, but they also believed they would have no trouble passing the INDIA NEXT (FMGE) screening exam because of the superior quality of their education.

Please get in touch with VISAYAS EDUCATION, the UV Gullas College of Medicine's official Representative, if you have aspirations of becoming a doctor! For the next 5.6 years, we are here to Help you.
