The walkie-talkie market consists of the sale of walkie talkies by entities (organizations, sole traders, and partnerships) that are used to communicate wirelessly (using radio waves) on a single, shared frequency band. Walkie-talkies are small, portable radios that communicate over the air (through radio waves) on a single, shared frequency band. A walkie-talkie consists of a transmitter/receiver and antenna (for sending and receiving radio waves), a loudspeaker that typically doubles as a microphone when you speak into it, and a push-to-talk button.
