Wireless Intercom Global Market Report
2022 – Market Size, Trends, And Global
Forecast 2022-2026*

LONDON, GREATER LONDON , UK,
August 4, 2022 /EINPresswire.com/ --
As per The Business Research
Company's "Wireless Intercom Global
Market Report 2022", the wireless

intercom The global wireless intercom market size is expected to grow from \$6.65 billion in 2021 to \$7.12 billion in 2022 at a compound annual growth rate (CAGR) of 7.1%. The growth in the market is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The wireless intercom market share is expected to reach \$9.25 billion in 2026 at a CAGR of 6.7%. According to the [wireless intercom industry](#) analysis, the increasing demand for robust security solutions is expected to drive the growth of the market in the coming years.

Key Trends In The Global Wireless Intercom Market

Technological advancements are key wireless intercom market trends shaping the market. Major companies operating in the wireless intercom are focused on developing new technological solutions to strengthen their position and meet consumer demand. For instance, In July 2019, Clear-com, a US-based communications equipment company introduced FreeSpeak II Digital Wireless Intercom System based on reliable and flexible cellular roaming technology. FreeSpeak II is a five-channel, full-duplex wireless intercom device that transmits audio at 7 kHz and 12 kHz with ultra-low latency, making it perfect for large-scale, complicated designs or specialized applications.

The wireless intercom market consists of sales of wireless intercom devices and technologies by
