Heralded with strong characters, the Manhattan Book Review noted, “*The Fairmounts* is a story about true love, heartbreak, and deep family secrets. “Nifora has truly constructed a beautiful romance novel, full of suspense, mystery, tales of old legends, and so much more. The plot is concise and unique, with the perfect balance of an old-fashioned type of love and mystery. Having read this book in one sitting, I recommend this story to all readers who enjoy a more old-school type of romance with mystery intertwined,” according to [The Seattle Book Review](#) who gave the historical romantic suspense novel, five stars.

offer it the world. I also wanted to remind people that good guys do exist.” This is the first book of a romantic series with book two, Mary Whitcombe expected out in summer 2023.
