"In these times of studied ignorance idiocy illiteracy and strutting ingnoramusses, it's a relief to read Daniel P Quinn's adroitly titled 'organized labor'.

Quinn is adept at the written word as he is at the spoken word with all his theatrical ventures.

“

Reading this collection you can almost hear the gentle strains of an operatic aria...rich in content and well worth taking on a short or long trip. ”

Malachy McCourt

Reading this collection you can almost hear the gentle strains of an operatic aria in the Italian parts and musicality is not absent in the other parts. A small book perhaps but rich in content and well worth taking on a short or long trip. ”

"organized labor" is a wonderful book. Specific and powerful. Others evoke old New York , the 1913 Paterson strike, and also issues we face today in the world since 9/11". Davidson Garrett

We all know this by now.

Paul Krugman could propose alternative economic strategies to end this charade. Emma Goldman said: "It's the organized violence at the top, that creates the disorganized violence at the bottom." It is truer now more than a century ago.

Monuments essay:

danielpquinn684 | Newark, NJ

This is a wildly complex question, BUT history must be part of all community outreach or we will learn nothing. Locally, there is a restored version of Gustav Bourglan's Founders Monument now on the grounds of NJPAC in Newark.

All the Founder's names were wasps but they were memorialized a century ago by the dominant population of Newark at that time.

There are no Irish, Italian, German, Black or Jewish founders of Newark honored in this "monument". Old money still dominates so much of our culture. What do we do now as reparation for all immigrants and residents of Newark when they were omitted and now ?
