

Content Financials 1.0 Solution by invenioLSI is Certified by SAP® for Integration with SAP S/4HANA®

WALTHAM, MA, UNITED STATES, August 8, 2022 /EINPresswire.com/ -- invenioLSI announced today that its Content Financials 1.0 solution is certified by SAP for integration with SAP S/4HANA®.

“We look forward to working with our existing and future media customers to help them implement this end-to-end solution to control content budgets and drive efficiencies up,” said Nader Tirandazi, invenioLSI’s CEO.

A graphic for a press release. On the left, it features the invenioLSI logo and the text "SAP® Certified Integration with SAP S/4HANA®". Below this, it says "New Press Release" and "Content Financials 1.0 Solution by invenioLSI is Certified by SAP® for Integration with SAP S/4HANA®". A "Read more" button is at the bottom left. On the right is a photograph of a professional video camera on a tripod, with a blurred background of city lights at night.

Content Financials

The content financials solution helps media companies make faster, more accurate financial decisions by creating a streamlined, automated process that increases financial efficiency throughout the content acquisition, creation, and utilization processes. The solution enables media companies to gain greater visibility into content production budgeting and tighter control over spending while simplifying the management of the entire content lifecycle.

SAP Integration and Certification Center (SAP ICC) has certified that the interface software of the product Content Financials 1.0 solution integrates with SAP S/4HANA using standard integration technologies. SAP S/4HANA is the next-generation business suite designed to act as the digital core, helping customers drive digital transformation across their entire organizations, taking advantage of the award-winning, role-based user experience of SAP Fiori®.

invenioLSI is a partner in the SAP PartnerEdge® program. The SAP PartnerEdge program provides the enablement tools, benefits, and support to facilitate building high-quality, disruptive applications focused on specific business needs – quickly and cost-effectively.
