*The Business Research Company's
Business-to-Business Electronic Global
Market Report 2022: Market Size, Trends,
And Forecast To 2026*

LONDON, GREATER LONDON, UK,
August 5, 2022 /EINPresswire.com/ --
As per The Business Research

Company's " Business-To-Business
Electronic Global Market Report 2022",

the business-to-business electronic market size is expected to grow from \$30.26 billion in 2021 to \$32.09 billion in 2022 at a compound annual growth rate (CAGR) of 6%. The global B2B electronic market size is expected to grow to \$38.73 billion in 2026 at a CAGR of 4.8%. The surge in the inclination of companies towards electronic or e-commerce platforms to mark their online presence is expected to contribute to the business-to-business electronic industry growth.

Key Trends In The Business-to-Business Electronic Market

[Business-to-business electronic market trends](#) include manufacturers establishing their B2B marketplaces for selling their products online and fulfilling the customer requirements for niche products, which is likely to be a key trend. For instance, in February 2020, Reliance steel has launched a B2B marketplace fast metals for the supply of metal products. In January 2019, Honeywell, a manufacturer of parts for airplanes and helicopters had launched a B2B marketplace for selling aerospace parts.

Overview Of The Business-to-Business Electronic Market

The business-to-business electronic market consists of sales of services of business-to-business electronic markets by entities (organizations, sole traders, and partnerships) that provide services in bringing together buyers and sellers of goods using the Internet or other electronic means and generally receiving a commission or fee for the service. Business-to-business electronic markets for durable and nondurable goods are included in this industry.
