Key Trends In The Butane Gas Cartridges Market

Strategic collaborations are a key trend shaping [the butane gas cartridges market outlook](#). Major companies operating in the butane gas cartridges sector are focused on strategic collaborations and partnerships to strengthen their position. For instance, in November 2019, ITM Power, a UK-based company that manufactures integrated hydrogen energy solutions collaborated with Iwatani Corporation, a Japan-based industrial gases company that offers butane gas cartridges for the integration of multi-MW electrolyzer-based hydrogen energy systems in North America. Furthermore, in November 2020, Iwatani Corporation collaborated with Toyota, a Japan-based automotive manufacturer to bring seven new hydrogen refueling stations to Southern California.

Overview Of The Butane Gas Cartridges Market

The butane gas cartridges market consists of sales of butane gas cartridges by entities (organizations, sole traders, and partnerships) that contain liquified butane gas mixed with a much smaller amount of Propane. These are manufactured using metal for better storage function and are most commonly used for camping and picnics, sealing poly bags, metalworking,
