

iFacts releases its 2022 Employee Screening Trends Report

iFacts, South Africa's leading online employee screening service provider releases its fifth Annual Employee Screening Trends Report

JOHANNESBURG, GAUTENG PROVINCE, SOUTH AFRICA, August 9, 2022 /EINPresswire.com/ -- South Africa's leading online employee screening service provider is pleased to announce the release of its [5th Employee Screening Trends report](#).

The 2022 Report has revealed some fascinating trends, including the fact that 41% of economic crimes are being committed by employees.

Following the global pandemic, hybrid and remote working models are here to stay. Based on findings from our international call centre, insider threats are escalating worldwide.

The results of the iFacts Employee Screening Trends report confirms that companies can no longer merely just conduct a criminal record check as the only pre-employment check.

It has now become crucial that organisations review their existing employee screening models and integrate more effective solutions that include soft skills and social media risk assessments to protect their reputations as well.

[Download the iFacts Employee Screening Trends report](#) to learn more about these insights and

The graphic features the iFacts logo at the top, with the tagline 'Leading Provider of Employee Screening Services'. Below the logo is a large orange diagonal banner. On the banner, the text '6% of candidates screened have criminal records' is prominently displayed in white. The background of the graphic includes images of fingerprint cards, a magnifying glass, and a pair of handcuffs, symbolizing criminal background checks. At the bottom of the banner, contact information is provided: '011 453 1627 / 1587 | www.ifacts.co.za | info@ifacts.co.za'.

gain a clearer understanding of the risks associated with employing staff.
