

Tony Busseri, President and CEO, Route1, Talks About Growth of ALPR (Automated License Plate Reader) Market

"In The Boardroom" on
[SecuritySolutionsWatch.com](https://www.SecuritySolutionsWatch.com)

NEW YORK, NY, UNITED STATES, August 8, 2022 /EINPresswire.com/ -- We are honored to chat today with Tony Busseri, President and CEO, Route1, about the growth of the ALPR ([Automated License Plate Reader](#)) market following Route1's participation at [The IPMI 2022 Parking & Mobility Conference & Expo](#) in July 2022.

SecuritySolutionsWatch.com: Thank you for joining us again today, Tony. We understand that Route1 was recently engaged at the 2022 Parking & Mobility Conference & Expo. What were the major highlights from your perspective?

Tony Busseri: The IPMI 2022 Parking & Mobility Conference & Expo was a great event filled with parking thought leaders, educational information and industry participants such as Genetec (<https://www.genetec.com/partners/partner-integration-hub/route1>), T2 Systems (<https://www.t2systems.com/>), iParq (<https://www.iparq.com/>), Passport (<https://www.passportinc.com/>), and many more. We met and chatted with a lot of end users of Automated License Plate Reader (ALPR) technology and it is exciting to see how far ALPR technology has come in terms of deployment and acceptance at the university and community parking level. We found there to be a lot of interest in two themes: (1) the integration of ALPR data with other public safety tools particularly other forms of video capture technologies such as surveillance video, and (2) campus leadership's want

“

We are honored to chat today with Tony Busseri, President and CEO, Route1, about the growth of the ALPR market.”

Martin Eli, Publisher

to better integrate with their broader community's local Sheriff or police department

(<https://www.theiacp.org/projects/automated-license-plate-recognition>).

Clearly it is all about the data, and more specifically delivering real-time actionable intelligence. We've gone from helping early adopters of ALPR, to helping clients optimize their operations through the interpretation of data and analytics.

About SecuritySolutionsWatch.com

www.SecuritySolutionsWatch.com features thought leadership and content-marketing regarding: AI, Biometrics, Cybersecurity, FinTech, IT, IoT, Robotics, Physical Security and COVID-19 solutions. Our flagship "In The Boardroom" platform, since 1999, has featured content-marketing programs from leading global brands such as: Allied Universal, ASSA ABLOY, AT&T, Cisco, Dell EMC, Fujitsu, G4S, GE, Gemalto, Honeywell, HPE, IBM, Intel, McAfee, Microsoft, Panasonic, SAP, Siemens, Stanley Security, Symantec, UNISYS, and many SME's, in the USA, EMEA, and APAC.

What's YOUR solution?

We are pleased to help support the Commercial UAV Expo, September 6-8 in Las Vegas, the premier event for the commercial drone industry focusing on the integration/operation of commercial UAS with 200 exhibitors. The event will feature exhibits and demonstrations by UAS solutions providers; keynotes, panel discussions, and presentations with interactive Q&A and chat; AI-powered networking; and more. A special highlight is the Public Safety Summit which includes all types of physical access security demos, including night flying. Use code SAVE100 for a \$100 discount and/or FREE expo admission. www.expouav.com
