*UCMAS – an ISO 9001:2008 certified program, is a unique child development program that was founded in Malaysia by Dr. Dino Wong.*

RICHMOND, BC, CANADA, August 7, 2022 /EINPresswire.com/ -- Looking forward to the coming year, 2023 will be the year where we have ambitions to cover 2023 kms from the Northern tip of British Columbia to the Southern end of Washington state looking for passionate people who want work to develop children aged 5-13 within their communities.

With over 3 million children trained worldwide, our [UCMAS](#) Learning Centres serve a real need – to boost child development and brainpower in kids aged 5 to 13 by offering Mental Math and Abacus training.

This is indeed a rewarding opportunity which can be started as a part time side hustle and can grow as much as you want to, by engaging instructors to come 2-6 hours a week to teach.

COVID-19 has demonstrated that Education is a recession free industry having a very low cost investment & highly rewarding profits.

“

Honored to be bestowed the ‘Golden Entrepreneur’ (Education sector) at the 3rd Malaysia Golden Entrepreneur Awards.”

*Dr. Dino Wong, Founder & President - UCMAS International*
