

Global Drugs For Hormonal Replacement Therapy Market Growth Trajectory

The Business Research Company's Drugs For Hormonal Replacement Therapy Global Market Report 2022: Market Size, Trends, And Forecast To 2026

LONDON, GREATER LONDON, UK,
August 8, 2022 /EINPresswire.com/ --

As per The Business Research Company's "Drugs For Hormonal Replacement Therapy Global Market Report 2022", the [drugs for hormonal replacement therapy market size](#)

is expected to grow from \$11.13 billion in 2021 to \$12.00 billion in 2022 at a compound annual growth rate (CAGR) of 7.8%. The growth in the market is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The global hormonal replacement therapy market share is expected to reach \$15.25 billion in 2026 at a CAGR of 6.2%. According to the drugs for hormonal replacement therapy market overview, increasing population of aging and postmenopausal women is driving the market growth.
