The refurbished medical equipment market consists of sales of refurbished medical equipment by entities (organizations, sole traders, and partnerships) that manufacture refurbished medical equipment which is used after refurbishing, restoring, and installing without changing the intended use of the first device and replacement of worn parts. These devices are checked and tested by the quality control department and they are commonly refurbished to have long-use periods.

[Global Refurbished Medical Equipment Market Trends](#)

Refurbished medical equipment market trends include major companies undertaking strategic alliances to maintain their strong foothold in the market. For instance, in October 2020, Intalere Inc., a US-based company that provides solutions such as clinical, operational, and financial for healthcare organizations, has announced a new agreement with Avante Health Solutions. By this agreement, the Intalere members can get negotiated prices on Avante Health solutions' refurbished medical imaging equipment such as CT, MRI, ultrasound, on-site repair services, and
