CORAL SPRINGS, FLORIDA, UNITED STATES, August 9, 2022

The small businesses in the US had widely varying beliefs about the likely duration of COVID-related disruptions.

“

As of May of 2021, 34% of small businesses in the U.S. were still closed due to the pandemic -- all the more alarming when you consider that 99.9% of all U.S. businesses qualify as “small.””
