BOCA RATON, FL, UNITED STATES, August 8, 2022 /EINPresswire.com/ -- The Toby and Leon Cooperman Therapy & Family Resource Center (TFRC), a one-stop shop for families with special needs, is launching four new support groups specifically designed for special needs kids (ages 3 to 22) and their families, just in time for Back to School.

## New Support Groups:

- Pre-K Fine Motor Readiness Group is a fun and motivational way for children ages 3 to 4 to develop age-appropriate fine motor and visual motor skills to prepare for kindergarten. Targeted skills addressed include prewriting skills (imitating and copying lines and shapes); pencil grasp for letter formation; cutting, grasping and hand-manipulation skills; and more.
- Social Skills Groups enable children to learn functional skills in a fun, low-pressure environment. Children will learn and practice conversational, friendship and problem-solving skills through fun games, therapeutic activities and play. This group is ideal for kids who may struggle to interact with others, make friends, keep friends, share and/or work together with a group.
- Music Therapy Group for kids struggling with anxiety or emotional issues. Music therapy helps improve attending skills, social skills, communication skills and fine motor skills. This class is offered through a partnership with Whole Vibes Music Therapy.
- Parenting Workshops designed for parents/caregivers raising a child with autism. Classes are designed to help parents deepen their understanding of planning for their child's current and future needs, while arming with them with tools, resources and resilience.

The TFRC provides children with varying needs and abilities affordable access to treatment and therapies in order for maximum realization of their developmental, educational, and personal potential. The center also equips parents and other caregivers with the necessary information

and support to ensure a therapeutic continuum, and provide the education and guidance needed to build stronger families. The TFRC also offers a significant amount of financial assistance.

All classes take place at the [Toby and Leon Cooperman Therapy & Family Resource Center](#). Registration is required for all support groups.
