

# Malware Analysis Market Business Outlook and Future Scope | Research Report 2026

*The growth of the malware analysis market is expected to increase during the Covid-19 pandemic outbreak.*

PORTLAND , PORTLAND, OR, UNITED STATE, August 9, 2022

/EINPresswire.com/ -- Increase in adoption of IoT & BYOD trend and rise in malware and phishing threats among organizations drive the growth of the global [malware analysis market](#). On the other hand, complexities in devices impede the growth to some extent. Nevertheless, surge in adoption of mobile device applications and platforms is anticipated to pave the way for multiple opportunities in the industry.

Malware Analysis Market

According to the report published by Allied Market Research, the global malware analysis market was pegged at \$3.27 billion in 2018 and is expected to hit \$24.15 billion by 2026, registering a CAGR of 28.5% from 2019 to 2026.
