

Data Wrangling Market to Generate \$5,581.18 Million by 2026

The BFSI sector dominated the data wrangling market industry in 2018 and is projected to maintain its dominance during the forecast period.

PORTLAND , PORTLAND, OR, UNITED STATE, August 9, 2022

/EINPresswire.com/ -- Rise in the adoption of big data analytics software among multiple organizations and an increase in cloud-based big data analytics software adoption among SMEs drive the growth of the global [data wrangling market](#).

However, lack of awareness related to data wrangling tools among SMEs and issues related to data quality hinder the market growth. On the other hand, advancements in edge computing would offer new opportunities in the industry.
