

Anblicks is now a Microsoft gold partner for Cloud Data & App Competencies

Anblicks achieved Microsoft Gold competencies and enhanced its capabilities to help customers in modernizing their data infrastructure in Azure Cloud Platform.

DALLAS, TEXAS, USA, August 9, 2022 /EINPresswire.com/ -- Anblicks, the [cloud data analytics service provider](#) to the global market leaders, announced that it had strengthened its expertise in Microsoft technologies by achieving gold competency in Application Integration, Data Analytics, DevOps, Cloud Platform, Application Development, and Data Platform.

With Microsoft Certified Gold Competency, Anblicks enhanced its capabilities in Azure-based cloud, data, and Modern Apps services enabling the customers to deliver market-leading solutions that improve overall customer satisfaction. As a [Microsoft Gold-certified partner](#), Anblicks is dedicated to fostering innovation and helping its international clientele in the retail, automotive, entertainment, financial, digital natives, and other sectors.

“

These Gold competencies help us configure the right Azure Cloud Services for our customers and deliver high-quality Azure Data Engineering and Machine learning solutions.”

Munwar Shariff, CTO, Anblicks

“The Microsoft Gold Partner Status is a recognized mark of the highest technology achievement and distinguishes the top 1% of Microsoft partners worldwide. These Gold competencies help us configure the right Azure Cloud Services for our customers and deliver high-quality Azure Data Engineering and Machine learning solutions. We have built expertise and tools to migrate our customer applications from on-prem to Azure Data Platform,

following best practices, thus reducing risk.” Quoted Munwar Shariff, Chief Technology Officer at Anblicks.
