

# Supercars, Breakfast, and The Christie: enthusiasts come together for a powerful cause

*Blockchain experts and car enthusiasts band together to organise a SuperCar Charity Breakfast for The Christie Charity near Manchester on 14.08.2022.*

LONDON, LONDON, UNITED KINGDOM, August 12, 2022

[/EINPresswire.com/](https://EINPresswire.com/) -- The sun glistens off of a waxed Bugatti Veyron, and the crisp smell of pancakes and sausage hangs in the air; the SuperCar Sunday Charity Breakfast is coming soon.

CryptoXpress, alongside CarzNCrypto, is thrilled to be a primary organiser of a fantastic event for car and crypto enthusiasts alike, all in support of The Christie Charity. Car enthusiasts from

all over the United Kingdom and Europe will come together near Manchester to feast their eyes upon some of the rarest and fastest cars in the world. All proceeds will go towards The Christie Charity, one of the largest hospital charities in the U.K. The lineup of supercars for the upcoming event on 14.08.2022 is mouthwatering and is bound to captivate viewers and drivers alike.

How did CarzNCrypto begin?

CarzNCrypto was premised on two things: a love of cars and the desire to give back to the community. The first event that took place over two days in July saw 29 supercars arriving at The Christie to surprise and delight teenage and young adult patients. For the next upcoming breakfast, Nilesh Patel, one of the founders of CarzNCrypto (CNC), wanted to hold the event at a location more suited to the cars along with the ability to maximise the fundraising possibilities.

"It's always been about giving back", says Nilesh Patel, CGO of CryptoXpress and Founder of CarzNCrypto. He continues, "The founders of these organisations feel we are in a position where we can leverage our knowledge in technology and our passion for cars to bring about positive change."
