Attain Online Japanese Language School Fall Semester Enrollment

to ask questions immediately to their teachers, are appealing, and the ease with which students can continue their studies leads to a steady improvement in their Japanese language skills.

In April 2022, many students from all over the world enrolled in the first term of the program to study Japanese. Although the first batch of students is studying only i-class (for N5 level), in response to the needs from prospective students around the world for classes at various levels, it has been decided that in October, in addition to the introductory and i-class (for N5 level), ro-class (for N4 level) and ha-class (for N3 level) will be offered as well. Moreover, in response to numerous requests from Japanese language learners living in Europe, the

class hours will be significantly increased from the fall semester. This will make it even easier for students to participate in accordance with the time zone of their area of residence.

At the 2nd Information Session, they will explain about the AOJ Language School, its curriculum, school schedule, course outline, enrollment information and [enrollment campaign](#). Although registration for October enrollment has already started, this is a good opportunity to ask questions directly to school officials about the actual classes and the support provided. The event will be held late at night (Japan time) to make it easier for those who live in the European region to attend. For more information and registration, please refer to the website. You can also request information materials or ask questions about the school through the website.
