/EINPresswire.com/ -- Welcome to a [new episode](#), where we'll dive deep into the world of B2B sales with sales expert Jeremy Chen, who helps B2B technology companies perfect their sales teams' go-to-market strategy. In this episode, he is dropping some real knowledge on the intricates part of sales management, the structure of a perfect cold call and the mindset behind it, why telemarketing is still alive and the future of outbound calling in call centers.

“

My approach to sales management has always been a hands-on approach. Meaning if I'm asking a rep to do something it's because I personally would do it.”

*Jeremy Chen*

Jeremy joined our own sales expert Christian Montes, who shares the same background for a big part of his life. Therefore, it was a delightful conversation between two sales professionals diving deep into the topics of telemarketing, what makes a perfect cold call, strategies call center telemarketers can do to stay on top of their game in 2022, and much more!

Sales expert Jeremy Chen helps B2B technology companies perfect their sales teams' go-to-market strategy. Jeremy has been with Jeremy Chen Sales for almost a decade now, as a Business Development and Customer Retention Strategist, helping B2B technology companies add to their bottom line revenue using stress-free prospecting methods and transform their sales strategies. Jeremy and his team have only relied on cold calls as a primary way of getting new business. Whenever the chips were down, they were able to count on business development by way of phone calls to brighten their future.
