Porter's Five Forces analysis, and competitive landscape. This study is a helpful source of information for market players, investors, VPs, stakeholders, and new entrants to gain thorough understanding of the industry and determine steps to be taken to gain competitive advantage.

Art Supplies Market

“

The maximum sales of art supplies come from brick and mortar retail stores, which are shut down in almost all the countries affected by COVID-19 and that has dropped down the sales to a large extent.”

*Roshan Deshmukh*

Growth in trends such as DIY, recycle-reuse-reduce, display of work on social media platforms, personalized art has boosted the sales of art supplies in recent years.

Innovation and introduction of new art supplies are anticipated to continue to influence the demand for art supplies in the upcoming years.

The global presence of e-commerce has motivated art

supplies manufacturers to sell their products online. This is expected to lead to a surge in the online supply of art materials during the forecast years. Social media influencers these days have become a medium to boost sales by recommending various art supplies to their followers,

converting them into potential customers.

Art is said to be "an expression of soul" and this has driven the art and craft business to a great extent. In today's world, many factors such as growth in DIY trends, innovation in creativity, showcasing one's creativity on social media platforms such as Instagram, YouTube, Pinterest, etc. have driven the growth of this market.

Customized art supplies are being used by many companies for promotional purposes. Pens, pencils, and markers are used by schools and offices for various purposes and have increased the art supplies. Another major advantage for the suppliers of art materials is the raw material required for its manufacturing is cheap. Low entry barriers and high demand for art supplies have led to its success.
