

Unity Vibration Kombucha Earns BeVeg Vegan Certification

Unity Vibration Kombucha has successfully certified all kombucha products to the BeVeg, the world's only accredited and audited Vegan certification program.

PALM BEACH, FLORIDA, UNITED STATES, August 12, 2022

/EINPresswire.com/ -- Unity Vibration Kombucha has successfully certified all kombucha products to the BeVeg [Vegan certification](#) standard, a global public health and safety standard for [Vegan label](#) claims through third party audits to independently certify the products are truly Vegan, free from animal ingredients, and cruelty-free.

Unity Kombucha was the 1st kombucha company to release a hard kombucha nationally in 2011 and currently sells their award-winning kombucha products in 22 states and growing.

Unity Kombucha was the first kombucha company to release a hard kombucha nationally in 2011 and currently sells their award-winning kombucha products in 22 states and growing. All kombucha products are made with only whole, organic fruit, roots, michigan-grown hops, and the highest quality Vegan ingredients. All beverages are raw and living with active viable probiotics and infused at 528 hz vibrational frequency.

“

We at Unity Vibration are proud to hand-craft a quality Vegan certified Kombucha for the world.”

Rachel Kanaan, co-founder of Unity Vibration Kombucha.

“Unity Kombucha is the most 'craft' and best tasting kombucha offered on the market today,” says Tarek Kanaan, co-founder of Unity Vibration Kombucha.

“We at Unity Vibration are proud to hand-craft a quality [Vegan certified](#) Kombucha for the world. Consumers can raise their vibration and glasses with Unity, knowing with confidence the ingredients and process are fully Vegan,

high vibe, audited and certified,” says Rachel Kanaan, co-founder of Unity Vibration Kombucha.

To earn Vegan certification, Unity Vibration had to complete a five-step process, verifying that all

Unity Kombucha products do not contain any animal ingredients, by-products or GMOs used in the manufacturing and ingredient sourcing of the finished product; they come from a manufacturing facility that has been audited to confirm proper controls are in place (including cross-contamination prevention); no animal testing was conducted; and the products are considered cruelty-free. Unity Vibration and related marketing materials can now bear the BeVeg Vegan trademark logo to show consumers that it is officially Vegan.

“With the BeVeg Vegan symbol on Unity Vibration, consumers can rest assured that the product is truly Vegan and has been backed by the credibility and integrity of a third-party audit,” said Carissa Kranz, Esq. founder and CEO of BeVeg.

The BeVeg Vegan certification program is available to manufacturers, brands, and retailers in the areas of food and beverage; personal care products; textiles and fashion; and dietary supplements. Businesses can also bundle the BeVeg certification with other certifications, such as non-GMO, organic, gluten-free and kosher, among others.
