The global [dental chair market size](#) was valued at \$593.73 million in 2020, and is projected to reach \$862.93 million by 2030, registering a CAGR of 3.8% from 2021 to 2030.

The dental chair-mounted design segment accounted for one-third of the total market share in 2020. Dental chair (dental treatment unit) is inevitably required by dentists to ensure appropriate patient care. These chairs are designed depending upon the size and the capacity of medical setups. In addition, they are essentially employed across various applications in the field of dentistry, including dental surgeries, dental examinations, orthodontic applications, cosmetic dentistry, and endodontic applications. Development of sophisticated dental chairs that enable practitioners or dentists to streamline their daily tasks has supplemented the [dental chair market growth](#).

Upsurge in incidence of oral diseases among both adults and pediatric population has considerably driven the demand for dental chairs across the globe. According to the Center for Disease Control and Prevention (CDC), in 2020, approximately 47.2% of adults aged 30 years and older have some form of periodontal disease and about 70.1% of adults aged above 65 years suffer from oral disease. Such high incidences of oral diseases in the country has fueled the demand for dental chairs, thereby accelerating the market growth.

Which market perspectives are enlightened in the Dental Chair market report?

Executive Summary: It covers a summary of the most vital studies, the Worldwide Dental Chair market increasing rate, modest circumstances, market trends, drivers and problems as well as macroscopic pointers.

Study Analysis: This covers major players, vital market segments, the scope of the products offered in the Dental Chair market, the years measured and the study points.

Competitive Analysis: In this segment each player is screened based on a products, services, value, SWOT analysis, growth and other significant features.

Geographic Analysis: This Dental Chair market report analyses data on the basis of production, sales, imports & exports, and key players in all regional markets.
