Covid-19 Scenario on Aircraft Mounts Market:

Owing to lockdown restrictions, there have been disruptions in manufacturing activities, grounding of aircraft, and shortage of material and components. This adversely affected the growth of the global aircraft mounts market.

Ban on import and export of goods is expected to lead to shortage of components. This reduced the market growth for aircraft mounts.

The ban on domestic and international air travel reduced the demand for aircraft mounts considerably. However, the demand is expected to grow as countries lift-off restrictions.

The report offers detailed segmentation of the global aircraft mounts market based on mount type, application, material, aircraft type, end use, and region.
