Mr Never Give Up

Never Give Up Day is about encouraging people to stay in the game long enough to exchange the pain for something much greater.

Resilience is the ability to cope with the loss, change, and trauma that have been inevitable parts of life. We all go through difficult times, we all experience disappointment, loss, change, and we all feel sad, anxious, and stressed at various times in our lives. But building a mindset of determination can get through even the darkest days.

Never Give Up Day encourages associations, charities, the public and private sectors, schools, universities, and citizens more generally, to make this day a springboard for awareness-raising actions.
