Fabby-Do Costume Kits available for Order

Halloween has become one of the major retail events of the year with the purchase of costumes growing from just over 50% to nearly 70% in the last fifteen years. While most purchases are of mass-produced costumes, many families seek opportunities to create their own. Halloween is often considered the holiday that encourages the most individual expression and is an excellent

time to tap into kids' creative capacity and contribute to their self-confidence.
