

Quest selects 6clicks for resale and to support their managed cybersecurity GRC offering

Cyber advisor and MSP, Quest Technology Management selects 6clicks as their platform to provide digitally enabled cyber audit and management capabilities.

ROSEVILLE, CA, UNITED STATES, August 15, 2022 /EINPresswire.com/ -- CA based cybersecurity advisory and managed services provider, Quest Technology Management selects [6clicks](#) as their platform to provide digitally enabled cyber audit and management capabilities.

Cyber [governance, risk, and compliance \(GRC\)](#) leader 6clicks is

excited to announce Quest has selected the 6clicks platform to support their cyber audit services and related managed service offerings.

“

Increasing GRC requirements mean that compliance officers need to do more than just ‘check the box’ to meet risk management objectives. 6clicks’ platform allows our clients to seamlessly manage GRC.”

Tim Burke, CEO

6clicks worldwide leadership team disrupts the GRC software market with revolutionary platform for businesses, advisors, VARs and MSPs

With 40 years of experience, Quest has a proven track record delivering cybersecurity and managed services to and managed services to clients across all industries. The opportunity to partner with 6clicks appealed to Quest, given 6clicks’ disruption to the market with its unique Hub & Spoke architecture, Hailey AI engine and fully integrated content library.

Tim Burke, CEO of Quest said, “Increasing governance requirements mean that compliance officers need to do more than just ‘check the box’ to meet risk management objectives. 6clicks’ robust platform allows our clients to seamlessly manage GRC across the organization. All of

this, coupled with the 6clicks strategy to embrace the channel, made the decision to partner, an easy one.”

Underpinning the 6clicks platform is the Hub & Spoke architecture, referencing the platform’s ability to easily cater for multiple connected accounts. This architecture is ideal to meet the needs of any organization with defined standards and requirements via a centralized management console while maintaining independence at the subsidiary or entity level.

6clicks Chief Executive Officer Anthony Stevens, said, “We are excited to expand our footprint in the US market with our new partnership with Quest, a leader in the cybersecurity space. It was extremely important to 6clicks to team up with a company with a long history in Governance, Risk and Compliance. We are thrilled with our new relationship and look forward to a long and fruitful partnership.”

This announcement follows coverage of 6clicks by world-renowned GRC analyst Michael Rasmussen who covered the unique 6clicks Hub & Spoke architecture, and its capability to rapidly accelerate deployment for enterprises. Learn more here:
