

Beat the Summer Heat with Pinnacle Fan Solutions at Leedstone

Leedstone & Pinnacle (formerly Schaefer) Collaborate to Offer Fan Solutions

MELROSE, MN, UNITED STATES, August 16, 2022 /EINPresswire.com/ -- [Leedstone](#), a full-service agricultural equipment dealer is pleased to announce they have expanded their [Pinnacle Ventilation offering](#) (formerly Schaefer) to their newly launched website. Leedstone, is an authorized dealer for a large range of barn equipment including GEA, Lely, BECO, BouMatic, Mueller and more. The most popular fan and ventilation manufacturer offered by Leedstone is Pinnacle Climate Technologies (previously Schaefer Ventilation) in Sauk Rapids, MN.

The Pinnacle Ventilation line offers a variety of cooling solutions for agriculture, industrial, and commercial use. They're ideal options for dairy cows, pigs, and poultry housing. These fans offer quiet operation, and they're not just for livestock—these fans are perfect for cooling warehouses and circulating greenhouse air too.

Schaefer/Pinnacle offers more than 70 years' experience in the ventilation industry, and its fans are designed, tested, and assembled in the USA. Pinnacle fans are available in a variety of sizes, styles, and performance levels. The company also offers an extensive line of accessories that can be used to customize a fan's performance for specific applications.

Quality is guaranteed, with each Pinnacle fan being lab tested to ensure maximum efficiency. The Schaefer/Pinnacle line of fans are designed with an industry-first, airflow-optimized fan blade design. These fan designs deliver maximum air flow with low energy consumption. The Pinnacle Climate Technologies line of fans are ideal for livestock, poultry houses and greenhouses.
