The list represents a one-of-a-kind look at the most successful companies

within the economy's most dynamic segment—its independent businesses. Facebook, Chobani, Under Armour, Microsoft, Patagonia, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

"To be included on the Inc. 5000 list is a remarkable achievement, and I am so proud of our team who has worked tirelessly—through the challenges of a pandemic—to help students and educators dream bigger, have meaningful relationships, and to thrive in and out of school," said Scott Shickler, Co-Founder and CEO of 7 Mindsets. "This recognition is a tribute to our employees and their commitment to the students and educators we serve as well as to the schools and districts who have partnered and grown along with us."

The companies on the 2022 Inc. 5000 have not only been successful, but have also demonstrated resilience amid supply chain woes, labor shortages, and the ongoing impact of Covid-19. 7 Mindsets survived the "Great Resignation" and actually grew its employee base by over 230%. The top companies on the Inc. 5000 list fueled the economy by collectively adding more than 68,394 jobs over the past three years.

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000. The top 500 companies are featured in the September issue of Inc. magazine, which will be available on August 23.

“The accomplishment of building one of the fastest-growing companies in the U.S., in light of recent economic roadblocks, cannot be overstated,” says Scott Omelianuk, editor-in-chief of Inc. “Inc. is thrilled to honor the companies that have established themselves through innovation, hard work, and rising to the challenges of today.”

Methodology

Companies on the 2022 Inc. 5000 are ranked according to percentage revenue growth from 2018 to 2021. To qualify, companies must have been founded and generating revenue by March 31, 2018. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2021. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2018 is \$100,000; the minimum for 2021 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to four decimal places.
